

# BHAVESH SUTHAR

## Frontend Developer

Mo. +91 9352054449, Email: -- officialbhaveshsuthar@gmail.com · Address: - Virar – Palghar, Mumbai, Maharashtra 401305

Portfolio: <https://bhavesh-suthar.vercel.app/> · GitHub: <https://github.com/suthar-bhavesh>

### PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience in React.js, TypeScript JavaScript (ES6+), and responsive UI development through personal projects and a professional internship. Proficient in component-based architecture, REST API integration, Agile methodology, SDLC, web performance optimization, and mobile-first UI development. Background in website testing and IT support has developed a strong eye for UI quality, cross-browser consistency, and edge case identification. Eager to contribute frontend development skills in a production environment.

### TECHNICAL SKILLS

**Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, TypeScript

**Frameworks & Libraries:** Tailwind CSS, Bootstrap, Chart.js, Email.js

**Tools & DevOps:** Git, GitHub, NPM, CI/CD Pipelines, GitHub Actions

**Concepts:** Responsive Web Design, Component-Based Architecture, REST API Integration, Mobile-First Development, Cross-Browser Compatibility, Performance Optimization, Version Control, Debugging, SDLC, Agile Methodology

**Testing:** Functional Testing, Regression Testing, Cross-Browser Testing, Cross-Device Testing, UI Testing

**AI Tools:** ChatGPT, GitHub Copilot, Claude, Gemini

### PROJECTS

#### Tech Care Dashboard (React.js) | [Project Link](#) · [GitHub Link](#)

- Engineered modular React.js components consuming REST APIs to render real-time patient profiles, medical reports, and diagnostic health scores.
- Integrated Chart.js to transform raw clinical data into interactive visual analytics, improving data readability for end users.
- Delivered a pixel-perfect, mobile-first interface using Tailwind CSS with seamless cross-browser compatibility and optimized rendering performance.

#### Bella Vista Restaurant Website | [Project Link](#) · [GitHub Link](#)

- Built a framework-free responsive layout using CSS Grid and Flexbox, achieving full responsiveness without Bootstrap or external CSS frameworks.
- Improved Core Web Vitals scores and page load speed by eliminating heavy CSS dependencies and reducing bundle size.

#### Laundry Wala Service Website | [Project Link](#) · [GitHub Link](#)

- Developed a modular services section using asynchronous JavaScript and integrated Email.js to automate customer inquiry notifications.
- Built a pixel-perfect, mobile-first UI with smooth responsive behavior across all screen sizes and devices.

### PROFESSIONAL EXPERIENCE

#### Moksh Overseas Educon Pvt. Ltd | IT Executive - QA & Support

Aug 2024 – Apr 2026 | Mumbai, Maharashtra

- Performed end-to-end website testing including functional, regression, and edge case testing to identify UI bugs and usability issues.
- Conducted cross-browser and cross-device compatibility testing to verify visual consistency and responsive behavior across all major platforms.
- Managed IT asset inventory and provided hardware and software troubleshooting to ensure smooth day-to-day operations.
- Configured and managed live streaming and webinar infrastructure, resolving real-time network, broadcast events.

#### Capri Tech Global Services (CTGS) | Frontend Developer Intern

Mar 2024 – Jun 2024 | Mumbai, Maharashtra

- Built fully responsive UI layouts using CSS Grid and Flexbox following a mobile-first development approach across all screen sizes.
- Developed user-friendly UI components for client-facing projects, improving visual consistency and usability.
- Diagnosed and resolved UI bugs, improving frontend performance and reducing reported interface issues.
- Technologies used: HTML5, CSS3, JavaScript, Bootstrap

### EDUCATION

Govind Guru Tribal University — Bachelor of Arts | Banswara, Rajasthan · 2024

RBSE – Information Technology (Vocational) -- Government Certified 4-Year IT Degree | Sagwara, Rajasthan
